

§ 57.3108

§ 57.3108 How is the amount of the grant award determined?

The amount of any award will be limited to that portion of the annual program costs which the Secretary determines, on the basis of the documentation required in the application, cannot reasonably be paid from other available funds. Further, the amount of any stipend will be limited to that portion of the annual amount normally paid to other residents by the applicant which the Secretary determines, on the basis of the documentation required in the application, cannot reasonably be paid from other available funds, including the incomes derived by the hospital from the residents' services.

§ 57.3109 For what purposes may grant funds be spent?

(a) A grantee shall only spend funds it receives under this subpart according to the approved application and budget, the authorizing legislation, terms and conditions of the grant award, applicable cost principles specified in subpart Q of 45 CFR part 74, and these regulations.

(b) Grantees may not spend grant funds for sectarian instruction or for any religious purpose.

(c) Any balance of federally obligated grant funds remaining unobligated by the grantee at the end of a budget period may be carried forward provided specific approval is granted by the Secretary. If at any time during a budget period it becomes apparent to the Secretary that the amount of Federal funds provided and made available to the grantee for that period, including any unobligated balance carried forward from prior periods, exceeds the grantee's needs for the period, the Secretary may adjust the amounts provided by withdrawing the excess. A budget period is an interval of time (usually 12 months) into which the project period is divided for funding and reporting purposes.
